The physicians and masseurs of Olympic Lithuanian team have used Santa Sita massage oil for joint, spine, connective tissue and muscles tension and pain since November 2015. The majority of sportmans who have tested the product agreed on high effectiveness of the product in sporting and similar activities as it improves muscle recovery after workout or exercising and reduce intensity of pain in structures of joints.

Therefore, taking into account successful testing results, the permission has been given to Verdigo Ltd from the Lithuanian Olympic Sports Centre to use stickers with slogan „Recommended by doctors and phisicians of Lithuanian olimpik sport centre“on the massage oil “Santa Sita”.
